

Charlottetown Bluephins Aquatic Club (CBAC) - Director at Large

About us:

We are a non-profit swim club providing youth with a high performing competitive swim program. Our vision is to be a premier competitive sport club that inspires swimmers in their lifelong pursuit of excellence.

About the role:

We are seeking a motivated individual to join our Board of Directors to help execute our mission; to provide quality training for swimmers to enhance their social, emotional and physical health in a positive, competitive team environment in which all swimmers can flourish and reach their full potential. This volunteer role involves working with the CBAC Board of Directors, to provide oversight and guidance in the administration of the CBAC activities.

The Board meets once a month at the Enman Centre and we are seeking a candidate to sit in on board meetings and provide input in the areas of fundraising, promotion, cost management and general club management. Other activities may include reviewing financial statements and budgets as prepared by the Treasurer or Bookkeeper. We would also support the interested candidate to join any of our operating committees. Approximately 2-3 hours per month is required to review upcoming meeting notes and to sit in our meetings.

About the Candidate:

If you have experience in business, accounting, management, planning or have experience working with other Sports Clubs and would like to volunteer your time you will be a good fit for this role.

We encourage all interested candidates to reach out to us. Please contact us if you have any questions.
